NEWPORT NEWS IS
AHEAD OF RICHMONDShipbuilding City Provides Her
Mayor With Modern Office
Equipments.

The proposition to increase the salary of Mayor McCarthy and to furnish him with a stenographer and typewriting machine in his office will come before the Board of Aldermen next Tuesday night, both ordinances having already passed the lower branch.

While it is understood that there may be some opposition, it is believed the Board will pass both ordinances and send them to his Honor for his approval. Nearly every day the Mayor receives evidence of Richmond's laggingness in these matters as compared with other cities of much smaller population. Yesterday Hon. Samuel R. Buxton, Mayor of Newport News, addressed a letter to his Honor, and the contrast was at once noticeable.

"I received letters this morning," said his Honor, "from towns and cities all over the country, and even many of our city departments use typewriters in communicating with this office."

BY PROXY

What the Baby Needed. "I suffered from nervousness and headache until one day about a year ago it suddenly occurred to me what a great coffee drinker I was, and I thought may be this might have something to do with my trouble, so I shifted to tea for awhile, but was no better, if anything worse. Then I had a baby four months old that we had to feed on the bottle, until an old lady friend told me to try Postum Food Coffee. Three months ago I commenced using Postum, leaving off the tea and coffee, and not only have my headaches and nervous troubles entirely disappeared, but since then I have been giving plenty of nurse for my baby, and have a large, healthy child now. "I have no desire to drink anything but Postum, and know it has benefited my children, and I hope all who have children will try Postum and find out for themselves what a really wonderful food drink it is." Name given by Postum Co., Battle Creek, Mich.

FARMERS SOLD WEED
TO MANY EAGER BUYERSLargest Sales of the Season So
Far Took Place Yesterday.

The predicted rush of tobacco to market materialized yesterday, the day's sales largely exceeding that of any day of the new season. The warehouse section was full of wagons and the employees of the various sales houses put in a busy day. The day's offerings reached a total of about 150,000 pounds, distributed among the four houses thus: Shockoe, 30,000; Shelburne's, 35,000; Crenshaw's, 35,000; Stonehall, 12,500. Among the offerings were some crops of better quality than heretofore sold, but generally they were of medium and the commoner grades. The demand for stock is maintained and prices are consequently well sustained, the larger offerings apparently not adversely affecting them.

Messrs. W. D. Butler & Co., at the State warehouse yesterday made some very fine sales, half a dozen crops averaging notably well. A. L. Ware, of Louisa, averaged \$3.85 on his load of sun-cured, F. P. Ware, of the same county, did nearly as well with \$3.60 average; J. F. Whitlock, of the same county, sold for \$3.50 a round, and E. A. Shelton for \$3.40. The entire sale averaged \$3.60 per hundred.

Next Tuesday's sales will be lighter in quantity, but large offerings are expected during the coming week unless a decided change in the weather appears.

LOOKING TO RHEA.

Former Congressman Said to be
in Training for 1908.

Since the crushing defeat of Hon. Joseph C. Wyser for Congress in the Ninth District, there is talk that former Congressman W. F. Rhea, of Bristol, will likely stand for the nomination in 1908. Judge Rhea was the Democratic elector for the district on the Parker and Davis ticket, and thus kept himself in close touch with the voters. He represented the district in Congress for two terms, and was defeated by Colonel Slemm by less than 300 majority in 1902, while the latter's majority over Mr. Wyser was more than 4,000. Bristol Democrats have a way of saying that the Democracy of the fighting Ninth always turns to them in a time of storm, and they look upon Judge Rhea as the most formidable man to pit against Colonel Slemm.

AT THE
THEATRES

Among the many musical and theatrical entertainments offered to the general audience none appeal more to the average audience, nor is welcomed with greater enthusiasm by both old and young, than a first-class minstrel show. As a simple entertainment in itself, it is an original and characteristic "American" style of amusement, and musical history is rich in many names that have become famous through long and successful association with such companies.

A good white band, in connection with John W. Vogel's minstrels, has made a name for itself in every city and town in the Eastern and Middle Western States. Vogel's minstrel was organized several years ago, and from the very start the enterprise flourished, and under the personal and practical management of John W. Vogel it soon came to be known upon one of the foremost and representative minstrel companies in this country.

Another reason for their unusual success may be sought in the fact that Mr. Vogel himself is a musician of merit, taking great pride in the performance of his band and selecting each number in their repertoire. This band will give a free concert at 7:30 P. M. in front of the Academy to-night. There will be matinee and night performances to-day.

"A Message From Mars."

Charles Hawtree and his London company will be seen at the Academy Tuesday and Wednesday, with a Wednesday matinee. In that most fascinating and amusing comedy, "A Message From Mars," which is universally praised as the best and most successful international success of the last decade, Mr. Hawtree brings his London company and the original production, which contains many startling novelties in the way of scenic and mechanical effects. The play was acted at 7:30 P. M. in front of the Academy in London and for over 200 nights in New York, where its third long run has only recently ended.

The Slaves to Leave.

"The Slave Slaves of New York," who have been presenting the play at the Bijou all this week, will be seen for the last time this afternoon and evening. The business of the week has been large, the house being filled at every performance, except the opening night, when the circus was in the city.

"Rachel Goldstein." The Norfolk papers this week are teeming with complimentary notices of "Rachel Goldstein," which comes to the Bijou Theatre next week. The play has been drawing phenomenal houses in Norfolk, and the play and the players are declared to be the peers of any city that has had at any time.

DOING FINE WORK.

Pressing the New Capitol Building

The work on the wings of the Capitol building is being pressed vigorously, and good progress is being made. Contractor Cheesman is pleased with the progress that is being made and hopes to have the work in such shape shortly as that it will not be interfered with by winter weather. There is every reason to believe that the building will be ready for occupancy by the meeting of the next General Assembly, which will begin in January, 1905.

IT LOOKS LIKE ALLAN
RAN AHEAD OF HANSON

The Vote Here Was a Great Surprise to the Hanson Followers.

Interest in the factional fight of the Republicans of the Third District and the vote of the rival candidates for Congress continues unabated. Complete returns from the district have not been received, and until these are in the result will not be positively known. Some of the supporters of Mr. Hanson now concede that Mr. Allan was probably led him in the vote, and one of these yesterday expressed the belief that the complete return would give Allan a plurality over Hanson of 50 or 70 votes. It was a great surprise to the Hanson followers that Mr. Allan carried this city, and this result dashed their hopes of a plurality in the district.

Only two precincts in New Kent have been reported, and that is five in Hanover, and these with complete returns from the other counties and cities give Mr. Allan a plurality of 11 votes, while Mr. Hanson has 20 votes.

In accepting the portrait, Colonel Archer paid a high tribute to the character and worth of Mr. McKinney.

Judge George Christian and Dr. J. Wm. Jones added a few words to what had been said, and the former suggested that at an early date the portrait of Robert

McKinney be placed in the hall of the Otey Battery, along with C. C. Baughman, William H. Stratton, George W. Libby, George W. Wait, T. C. A. Spence, R. W. Flournoy, R. E. Butler, Alex. Grant, John N. Gordon, F. R. Tompkins and H. P. Anderson, all members of the camp, and survivors of that battery. He served in the battery to Appomattox.

Lee Camp Organized. "Returning to Richmond after the war," said Mr. Stratton, "inspired by that love which was born of the comradeship of the past, he formed veteran organizations of former companies, battalions and regiments to preserve the truth of that history he had helped to make, and for mutual benefit and assistance."

"Soon that good organization, whose contributions to Confederate history have been invaluable, the Virginia Division of the Army of Northern Virginia, was formed. Early in 1883 a few veterans assembled in this city and discussed the advisability of such an organization, and on April 18th of that year, R. E. Lee Camp, No. 1, C. V., was organized, with thirty-seven charter members, and Captain Charles U. Williams as its commander. Among the most active, earnest and enthusiastic of these was Joseph B. McKinney. From its camp springs 1,567 camps of Confederate veterans scattered over every State in the South."

After paying a passing tribute to the illustrious ones whose portraits adorn the walls of the hall, Mr. Stratton said: "It is fitting that among this great gallery there should be the portrait of some of that band whose labors started the great organization, who gave to it existence and whose after efforts contributed so much to the success it has attained. So, we offer to you the portrait of our comrade McKinney. All his life he was devoted to the interests of this camp. He was a faithful contributor liberally of his means. His liberality to the cause he loved so well was magnificent and was worthy of all imitation. He was kind and considerate of the feelings of others. Never hasty in action or partial in judgment."

In accepting the portrait, Colonel Archer paid a high tribute to the character and worth of Mr. McKinney.

TO LOSE THEIR
FEDERAL OFFICES

Report That the President Will Soon Do Some Decapitating in Virginia.

COL. SLEMP HAS THE PULL

His Successful Fights in Ninth Have Greatly Pleasured President.

A report is in circulation here that some startling changes will be made in the fat Federal offices in this State, soon as the election confusion settles down. The overwhelming victory of Colonel Slemm, who was elected to Congress from the Ninth District, by a large increased majority, makes him loom large in the public eye, and it is said that he will be the dictator of Virginia appointments hereafter.

It is known that Mr. Roosevelt had slated important changes in the official force in this State a year or two ago, but that he was prevailed upon to defer the changes then contemplated. The President favors a militant Republican organization everywhere, and it is said that he has twice demonstrated that Republicans can win in this State. Now that Mr. Roosevelt has positively announced that he will not seek a second election and that he will not seek a reward and no one to fear, it is expected that he will carry into effect his former plans.

An interesting report in circulation yesterday is to the effect that the official head of Collectors of Internal Revenue in the State will soon fall, and that State Senator George A. Revercomb, a representative of the militant wing of the party, who has the fight for Congress in the Tenth District, will be the man chosen to succeed the collector.

Clerk of the Court George E. Bowden, of Norfolk, Mr. Agnew's right lawyer in the case of the late Senator, is said to be likely to disappear from official life also, though just who has been selected to succeed him is not stated.

Among the Republicans who are reported to be slated for good positions is Mr. Hugh Gordon Miller, of the present district attorney's assistant. Mr. Miller has made a canvass of several of the Northern States for Roosevelt. Other changes are said to be in the air, but they are being kept secret from the members of the old organization in the State.

WORKMAN'S LONG FALL.

Rufus Hickman Dropped From
Sixth Floor and Still Lives.

A negro workman named Rufus Hickman, while at work on the big Mutual building at Sixth and Main Streets yesterday morning, fell from the sixth floor through to the ground. The fall was broken on each floor in the drop, and when the man struck the bottom floor he was not hurt. He was taken to the hospital, where he was treated for a few days, and is now at home. The fall was caused by a wheelbarrow at the time. The narrow tipped over at the elevator opening, and in trying to hold it back the negro was pulled over.

The ambulance, with Dr. Mercer in charge, responded to the call, and the man was carried to the City Hospital, where it was said it would be several days before the full extent of the man's injuries could be ascertained.

MR. SEBRELL TO WED.

Former Legislator to Take Fair
Southampton Bride.

Judge Joseph Brown Prince, of Courtland, Va., has issued invitations to the marriage of his sister, Miss Beattie, to Hon. John N. Sebrell, of Norfolk, to take place in the Baptist Church at Courtland on November 23d, at 6:30 o'clock P. M.

Mr. Sebrell, who is a native of Southampton county, and who is now a member of the law firm of Cabell & Sebrell, of Norfolk, will be pleasantly remembered here as having been one of the popular members of the recent long session of the Legislature.

The prospective bride is a daughter of the late Judge Prince, of Southampton, and is one of the leading young society women of that county.

After the marriage they will reside at the Rochambeau, Norfolk, where they will be after December 10.

YOUNG WOMAN IN JAIL.

Pretty "Mary Jones" Could Not
Pay Her Fine in Police Court.

An interesting case before Justice Crutchfield yesterday was that of the pretty woman, "Mary Jones," who was arrested Thursday night at 8 o'clock on the charge of being drunk and disorderly. She refused to tell anything about herself, and was unable to pay the fine of \$5, assessed against her for drunkenness, and went to jail instead.

Israel Kinney was handed four months for taking a lot of clothing belonging to the State, and was fined \$100 for carrying a concealed weapon.
